ABOUT THE CONFERENCE:

FOCUS

The main theme of the conference is the rehabilitation and reconstruction of buildings. It is especially dedicated to new building materials and technologies.

Design materials are selected for energy saving, environmental improvement and cultural heritage preservation. In many cases the selection focuses on the use of secondary raw materials.

LOCATION

The conference venue will be held in Brno, an administrative and cultural centre of the South Moravian Region. It is the second-largest city in the Czech Republic.

The WTA Days 2024 are cooperatively organized by the Brno University of Technology and the WTA-CZ.
